

**Drouillard to Address
Dimensions.06 Conference
April 19, in San Antonio, TX**

Erin Drouillard, Packaging Engineer for NMFTA will make a presentation: "Packaging for the Less Than Truckload Environment" at Dimensions .06 sponsored by the International Safe Transit Association (ISTA) and the Institute of Packaging Professionals (IoPP).

Erin will cover packaging definitions and requirements in the National Motor Freight Classification including current projects that are likely to change the packaging rules for the Less than Truckload Carrier and Shipper. She joined the NMFTA staff in early 2005 and is completing her Master's degree in Packaging.
